

Report on the Industrial Visit to EMAMI Paper Mills Ltd.
Date of Visit: 22nd January 2025
Participants: 40 Students + 10 Faculties
Organized by: P.G. Faculties of Department of Commerce

Introduction

An industrial visit was organized on 22nd January 2025 to EMAMI Paper Mills Ltd., a prominent paper manufacturing company known for its sustainable practices and state-of-the-art production facilities. This visit aimed to provide practical exposure to students about the functioning of the paper industry, enhancing their theoretical knowledge with real-world insights.

Participants:

A total of 50 students participated in the visit, including 10 postgraduate students pursuing their Master of Commerce (M.Com). Faculty members accompanied the students to guide and oversee the visit.

Journey:

The journey commenced in the early hours of the day to ensure timely arrival at the facility. Transportation was arranged to ensure a safe and comfortable journey.

Host Organization:

EMAMI Paper Mills Ltd., one of India's leading producers of high-quality writing, printing, and newsprint paper.

Agenda of the Visit:

Welcome and Introduction:

The students were warmly welcomed by the officials of EMAMI Paper Mills Ltd. An introductory session was conducted to brief the participants about the company's history, operations, and contributions to the paper industry.

Plant Tour:

- Students were taken on a guided tour of the manufacturing unit.
- Key areas of focus included:
 - Raw material handling and storage.
 - Production processes, including pulping, drying, and finishing.
 - Quality control measures and sustainability practices.
 - Packaging and dispatch operations.

Interactive Session:

The students engaged in an interactive Q&A session with the company’s technical and managerial staff.

Topics discussed included:

Challenges faced by the paper industry. The role of technology and innovation. Career opportunities in the sector.

Sustainability Practices:

Emphasis was laid on the company’s commitment to environmental sustainability. Students learned about recycling processes and waste management strategies employed by EMAMI Paper Mills.

Key Learnings:

Understanding of industrial operations and production processes in the paper industry. Insights into supply chain management and quality assurance. Awareness of sustainability practices and their importance in industrial operations. Exposure to the practical challenges faced by the industry and potential solutions. Career prospects and professional growth opportunities in the paper manufacturing sector.

Feedback and Conclusion:

The visit to EMAMI Paper Mills Ltd. proved to be a highly enriching experience for the students. The practical exposure complemented their academic knowledge, bridging the gap between theory and practice. Both undergraduate and M. Com students expressed their gratitude for the opportunity to learn from industry experts and witness operations firsthand. The organizers extend their heartfelt thanks to the management and

staff of EMAMI Paper Mills Ltd. for their hospitality and efforts in making this visit a success. Such initiatives play a vital role in shaping the future professionals of our nation
