Topic: Awareness talk on World Water Day.

Detail Description about the event:

An awareness talk on World Water Day was organised by P.G. Department of Botany of Bhadrak Autonomous College, Bhadrak on the theme ' GLACIER PRESERVATION'. Our guest speaker on this remarkable day was Prof. Ranindra kumar Nayak , FM University who presented the topic in a very impactful and innovative manner. The staff and students were profoundly impressed with his presentation. The talk was enriching as well as thought-provoking. The function was attended by esteemed Principal Sir, Durga Sankar Das and Dr kamalakanta Jena, a very popular science personality and faculty member of Physics Department . Both of them addressed the attendees of the function and put light on the significance of the day.

Dr Ranindra was highly impressed and expressed his happiness that the department and college had chosen to celebrate World Water Day as according to him conservation of water (specifically glacier preservation) and it's sustainable use is a burning topic in today's world and must be addressed at grassroot level and globally also.

The function ended with the vote of thanks by Mrs Swapna Sonalika Jena, HOD, P.G. Department of Botany.
