Date-03.11.2024

The Chemistry Olympiad examination is an excellent exercise carried out by the Odisha Chemical Society every year across the state to spot outstanding minds. Thousands of students appear in the examination from various districts and glimpse their innovative thoughts. Like every year, this year, the Department of Chemistry, Bhadrak Autonomous College has organized the Chemistry Olympiad examination today (03.11.2024) in association with Odisha Chemical Society. About 358 students have appeared in the examination in our examination center and wrote the examination. We sincerely thank the Odisha Chemical Society for this admirable opportunity and our efficient staff for their utmost cooperation in caring out the examination.
