

MTTS OVERTURE: BHADRAK AUTONOMOUS COLLEGE, BHADRAK, ODISHA

FEBRUARY 7 - 8, 2026

Academic Coordinator: Dr. A. Satyanarayana Reddy, Associate Professor,
Department of Mathematics, Shiv Nadar University, UP

Local Coordinator: Dr. Alok Kumar Sahoo, Assistant Professor,
Department of Mathematics, Bhadrak Autonomous College, Bhadrak

Organizer: Department of Mathematics, Bhadrak Autonomous College, Bhadrak

The Department of Mathematics of Bhadrak Autonomous College successfully organized an MTTS Overture programme on **February 7 and 8, 2026** under the academic initiative of the MTTS Trust. The programme was inaugurated by the Principal, Prof. Durga Sankar Das, who ceremonially lit the lamp. In his inaugural address, he highlighted the growing importance of mathematics in the coming digital age and encouraged students to read and enjoy mathematics without academic stress. The Head of the Department of Mathematics, Dr. Ajit Kumar Das, delivered the introductory remarks, warmly welcoming all participants and introducing the resource persons to the gathering. Resource persons Dr. A. Satyanarayana Reddy, Associate Professor, Department of Mathematics, Shiv Nadar University and Dr. Kiran Kumar Behera, Assistant Professor, Department of Mathematics, VIT Bhopal University, highlighted the motivation behind such camps and inspired students by sharing insights about Prof. S. Kumaresan, the founder of the programme. The session was moderated by Dr. Alok Kumar Sahoo, Local Coordinator of the programme. The other faculty members Dr. Nirmal Ch. Rout, Dr. Parbati Sahoo, Mr. Prasanna Kumar Nath, and Dr. Debasish Das were present throughout the event and played vital roles in its successful completion.

A total of 64 students from seven colleges across four districts participated in the camp, including 25 male and 39 female students. Four faculty members from other colleges also attended and interacted with participants. The camp was supported by the MTTS Trust, the Department of Mathematics & Computing, alumni, and well-wishers. Student volunteers played a major role in organising logistics and ensuring the smooth conduct of all sessions. We expressed gratitude to all resource persons, faculty members, and volunteers for their support and look forward to hosting more such initiatives to strengthen mathematical culture among young learners in Odisha, India.

Participating Colleges:

1. Bhadrak Autonomous College, Bhadrak
2. Atal Behari College, Basudevpur, Bhadrak
3. Charampa Mahavidyalaya, Charampa, Bhadrak
4. Anandapur College, Anandapur, Keonjhar
5. Fakir Mohan Autonomous College, Balasore
6. Kuntala Kumari Sabat Women's College, Balasore
7. N.C.(Narasingh Choudhury) Autonomous College, Jajpur

Topics Covered:

The academic sessions focused on Real Analysis, Group Theory, and Foundations of Mathematics. A special session on career opportunities in mathematics guided students on academic pathways, research prospects, and emerging roles in the digital and data driven era.
